Silicone-Free Beauty Products

by [Jill Schuck Taylor](#) Tue, Apr 19th 2011

Despite the slightly earthy, crunchy connotations, don't think the no-silicone movement will leave you looking anything less than your best -- these products do their job brilliantly. [Read More »](#)

Anyone with less-than-straight hair knows that the right products make a huge difference in whether it's going to be a good- or bad-hair day. This serum, made with hydrolyzed keratin and organic aloe and coconut, helps to strengthen and soften even coarse and color-treated hair. It helps to define and smooth the natural wave pattern without looking greasy or crunchy, which is a curly-haired girl's dream come true.
